EDUCATION & EXAMINATIONS

University of Colorado, Boulder, CO USA
Ph.D., Mathematics

Fall 2026–*Present*

Butler University, Indianapolis, IN USA
B.S., Mathematics and Actuarial Science
Cum laude with High Distinction
Minor in Computer Science

May 2025

Casualty Actuarial Society

Exam 2/Financial Mathematics

February 2023

Exam 1/Probability

July 2022

RESEARCH INTERESTS

Broadly speaking, my research interests lie in the intersection between dynamics, number theory, and computational mathematics. I am interested in complex dynamics and fractal geometry, computer visualizations of fractals, and interesting number-theoretic properties that arise in this study.

PAPERS

Analysis of Algorithms for Moser's Problems on Sums of Consecutive Primes
with J. Sorenson, 29 August 2025

<https://doi.org/10.48550/arXiv.2509.00236>

Available on arXiv, submitted to INTEGERS 2025 conference proceedings

(submitted to journal)

Geometric Limits of Sums of Iterated and Fixed Polynomials
with A. Kapiamba and S. Kaschner

INVITED PRESENTATIONS

A Limited History of Complex Dynamics

Mathematics Colloquium Series, Butler University, 12 April 2024

Developing Intentional Practices and Cultivating an Inclusive Environment for Trans, Non-Binary, and Genderqueer Students

with D. Beh, L. McKittrick-Sweitzer, and E. Edwards

Inclusive Pedagogy Workshop, Butler University, 24 March 2023

CONTRIBUTED LECTURES AND POSTERS

Algorithms to Write Integers as Sums of Consecutive Primes

Integers 2025, Athens, GA USA, May 2025

An Atlas of Differential Topology: From Fundamentals to Stokes

Undergraduate Research Conference 2025, Butler University, 11 April 2025

A Gleeful Algorithm: Enumerating Sums of Consecutive Primes

Undergraduate Research Conference 2025, Butler University, 11 April 2025

BIGEAST Research Poster Symposium, New York City, NY USA, 15 March 2025

Geometric Limits of Julia Sets of Sums of Iterates and Powers of Polynomials

Joint Mathematics Meetings, San Francisco, CA USA, 6 January 2024

Dynamical Systems and their Applications, Miami, OH USA, 29 September 2023

Dabbling in Dobble!: An Exploration of Monomatching Games

Indiana MAA Fall Sectional Meeting, Terra Haute, IN USA, 22 October 2022

AWARDS AND HONORS	Amos Carpenter Memorial Award, Butler University	May 2025
	Robert O. Whitesell Endowed Scholar, Butler University	May 2024
EXPERIENCE	Actuarial Analyst January 2026–July 2026	West Bend Insurance Company, West Bend, WI
	Conducted quantitative analysis for commercial property and casualty insurance pricing, contributing to rate indications and predictive pricing models for property, crime, and inland marine products. Prepared technical documentation and regulatory filing materials supporting pricing revisions and product changes.	
	Tutor/Tutoring Coordinator August 2022–May 2025	Department of Mathematical Science, Butler University, Indianapolis IN
	Elevated student success through developing understanding, improving communication, and overcoming anxiety towards mathematics. Classes supported include single- and multivariate-calculus, linear algebra, elementary statistics, and discrete mathematics. Supported drop-in lab hours, private tutor requests, and course-wide final exam reviews.	
EXTRACURRICULAR SERVICE	Resident Assistant, Butler Residence Life	May 2024 to May 2025
	President, Dawgs and Dice TTRPG Club	May 2023 to May 2024
	President, Actuarial Science Club	September 2022 to August 2023
	Treasurer, LGBTQIA+ Alliance	May 2022 to May 2023
